ProCleaning Team — Android access

Staff app for admins and workers. Customers use **procleaningseattle.com**, not this app.

Admins land on **Overview**. Workers land on **My Jobs**.

Install (Android)

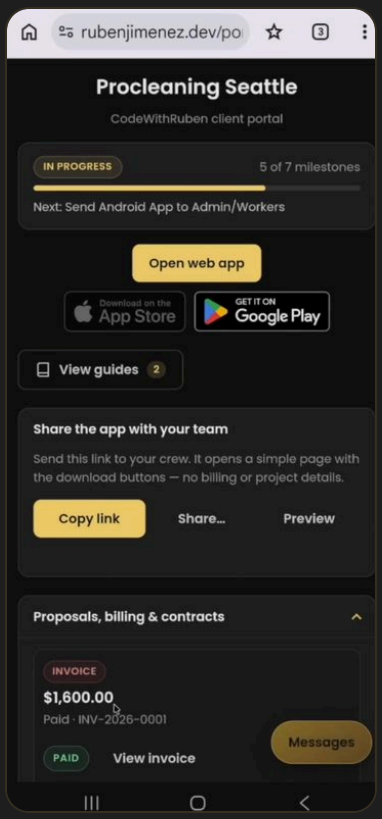

Play will not find this app in a normal search. Use the **same Gmail** on the phone's Play Store for these two steps. App sign-in (Google / Microsoft) can be a different company account.

1. Owner adds that Gmail as a tester, then open:

Become a tester

2. On the phone, install:

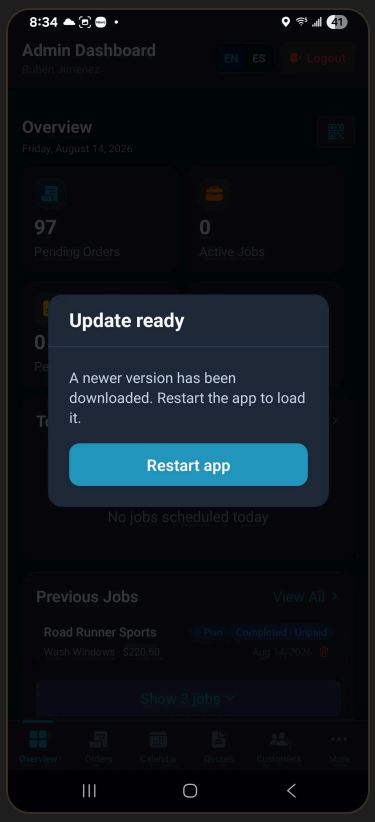

ProCleaning Team on Google Play

Tap Google Play, then Install

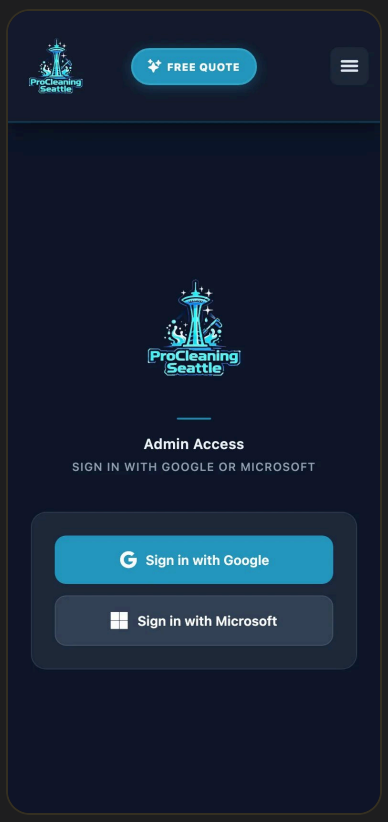

First open

If you see **Update ready**, tap **Restart app**.

Update ready

Sign in with **Google** or **Microsoft**.

Sign in

You'll see **Signed in**, then **Loading…**. That is normal.

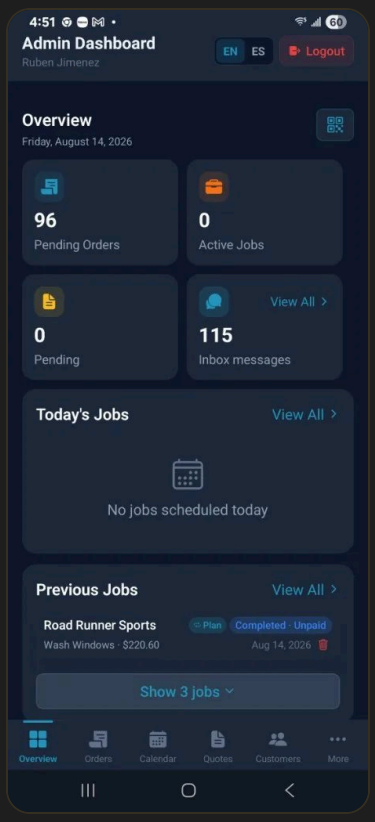

Loading

Allow **notifications**, then **Tap to Pay**, when the phone asks.

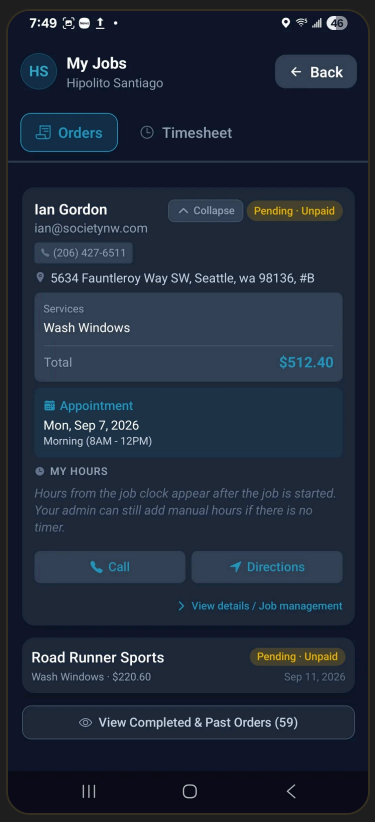

After sign-in

Admin

Admin Overview

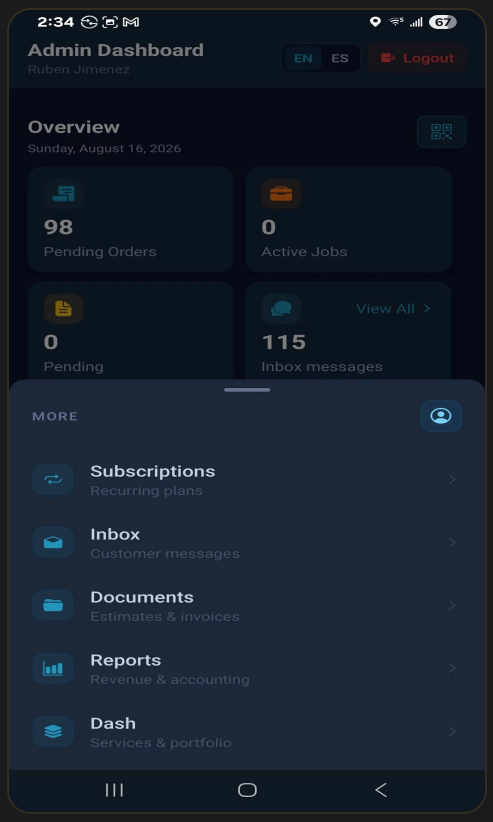

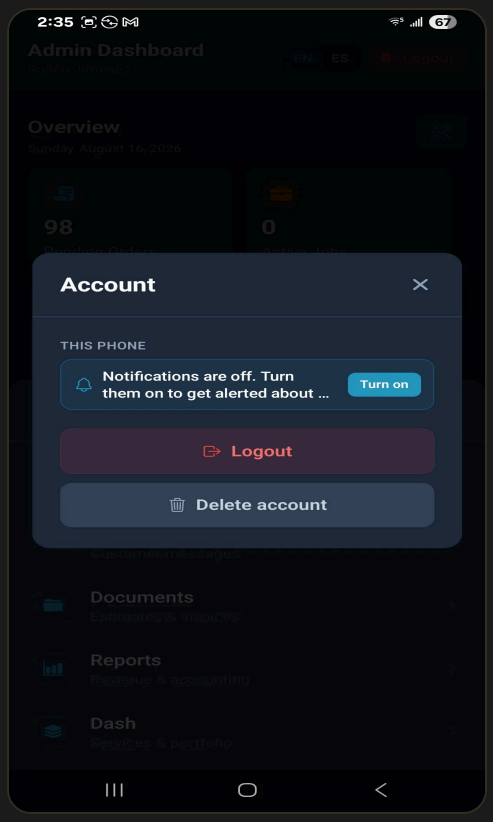

Worker

Worker My Jobs

Notifications later

More → person icon → **Account**. Enable notifications lives here. (Workers: tap your name → Account.)
